### Key Exclusions

If the Life Assured commits suicide within 12 months of either the policy issue date, date of reinstatement, or the effective date of Plan Changes<sup>3</sup>, the Death Benefit will not be payable. Instead, the premiums paid for the current Policy Benefit Term will be refunded.

### Policy Termination

The policy will automatically terminate upon the occurrence of any of the following:

- The death of the Life Assured;
- The Company accepts a request to terminate the policy;
- Failure to pay a premium causes the policy to be terminated;
- The policy/change anniversary at which the Life Assured attains age 85.

For all termination conditions, please refer to your policy provisions.

### Purchase Conditions

The policy must be bought within the Hong Kong Special Administrative Region.

### Cooling-off Period

You may cancel the policy by sending us a notice within 21 days after the delivery of the policy or issuance of a notice to you, informing you of the availability of the policy, whichever is earlier. Cancellation during the cooling-off period will result in a full return, to you, of premium(s) and levy paid without interest.

### Governing Law

The policy is governed by the laws of the Hong Kong Special Administrative Region.

<sup>2</sup> If, at renewal, the Policy Benefit Term is longer than the number of years between the Life Assured's attained age and the maximum cover age (85), the renewed Policy Benefit Term and Premium Payment Term will be reduced to match the maximum cover age. Premiums will be adjusted accordingly.

<sup>3</sup> Plan Changes refer to policy change in respect of Sum Assured, Policy Benefit Term and Premium Payment Term.

## Financial Crime

The Company has regulatory obligations to comply with legal and regulatory bodies, or tax authorities, regarding you and your Policy. The Company may from time to time request information from you in relation to these obligations as set out in your policy provisions.

# Key Product Risks

## Credit Risk

This product is an insurance policy issued by the Company. Premium(s) paid become assets of the Company and as such any benefits payable to you are subject to the credit risk of the Company. The Company's financial strength and solvency will affect its ability to satisfy its financial and contractual obligations. If we are unable to satisfy the financial and contractual obligations of the policy, you may lose your premium paid and benefits.

## Inflation Risk

The cost of living in the future is likely to be higher than now, due to inflation. This means that the purchasing power of any Benefit Amount paid in the future may be less than its value today, even if the Company meets all of its contractual obligations.

## Failure to Pay Premiums Risk

For your policy to be valid you must abide by your premium payment plan. All premiums, after the first premium, are to be paid by the due date. Where this does not happen, customers are given a 30-day grace period to pay due premiums, beginning on the premium due date. Failure to do so may cause the policy to be terminated.

## Premium Adjustment and Plan Change Risk

Premiums will remain unchanged throughout each Premium Payment Term. The amount of premium due is determined by factors including, but not limited to, the Life Assured's age, gender, smoking status and health conditions.

At policy renewal or when Plan Changes are requested, premium(s) will be adjusted based on the Sum Assured, Premium Payment Term, Policy Benefit Term, the Life Assured's attained age and applicable premium rates. Premium rates may be affected by factors including claims conditions.

Plan Changes result in refreshment of the incontestability clause (applicable to increase of Sum Assured only), and suicide clause, meaning they become applicable again. Please refer to your policy provisions for all details.
